

## TQX-2400A Terminal Antenna

TQX-2400A Terminal Antenna is specialized handset antenna which is designed for 2.4GHz spread spectrum communication. After optimization design and fine-tuning, VSWR performance has been improved, with small size, masterly structure, convenient installation, stable property, and excellent anti-vibration and anti-aging capability.

### Specification

|                     |            |
|---------------------|------------|
| Model               | TQX-2400A  |
| Freq. Range-MHz     | 2400~2483  |
| Bandwidth-MHz       | 83         |
| Gain-dBi            | 2.15       |
| VSWR                | $\leq 1.5$ |
| Impedance- $\Omega$ | 50         |
| Polarization        | Vertical   |
| Max. Power-W        | 50         |
| Connector           | F Male     |
| Length-cm           | 6          |
| Weight-g            | 100        |
