

TQX-2400LA7 Terminal Antenna

TQX-2400LA7 terminal Antenna is designed for the terminal of mobile communication system. The small dimension and light structure make it easy to install.

Specification	
Model	TQX-2400LA7
Freq. Range-MHz	2400-2500
Bandwidth-MHz	100
Gain-dBi	7
Vertical Beamwidth-°	18
VSWR	≤1.8
Nominal. Impedance -Ω	50
Polarization	Vertical
Max.Power-W	50
Length-mm	380
Connector	SMA Male or Customized
